

## Initiative

**We will show our initiative by** *being resourceful and working without always being told what to do. Showing both perseverance and trusting in ourselves, in order to demonstrate that we can think independently and act when necessary.*

## Spirituality

**As part of our spiritual, moral and cultural development we will** *consider why some people choose where to live and reasons why others may have to leave their home without choice. We will consider the awes (the WOWs) of the world, yet also the 'OWs,' thinking about how climate change is changing the world we live in and discuss ways in which we can improve the picture. We will think about what kind of king Jesus is to Christians.*

# Learning Drivers

## Creative arts

**Using our creative skills, we will** *create a Batik scarf or bag by learning wax resist techniques and learn how to add embroidery using different stitch types. We will improve our Glockenspiel improvisation skills.*

## Environment

**As people concerned with our environment, we will** *consider how climate change has impacted our world. We will collect data to show how population impacts the amount of traffic and litter in an area and also consider the impact climate change has on global population.*
