Design and Technology Vocabulary

Audience: who we are making our product for.

Product: what we are making.

Purpose: the reason we are making our product.

Design Criteria: The things that our product must include to be successful

Initial ideas: lots of ideas which might work.

Final idea: the chosen idea which best meets the design criteria.

Material – what the product is made of.

Feedback – what do people think of your product.

Vocabulary

Textiles: creating a product out of cloth or fabric.

Decorative: something that looks attractive.

Strong and stable – won't break if used too much.

Seam allowance – leaving a gap between the edge of the material and the sewing line.

Pattern piece – a shape drawn to the correct shape and size to place on your cloth and cut round.
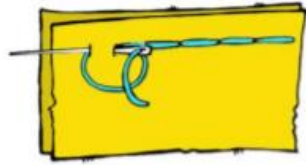

Joining Materials

Back Stitch

Velcro

Thread

Cloth

Needle

_____ Cutting line—Follow this line when cutting out pattern/template.

- - - - - - - - - - - - Seam line—This is the line showing where you will be sewing.

Finishing - Applique

Annotated Sketch

Healthy Eating Plate

VEGETABLES   WHOLE GRAINS

FRUITS   HEALTHY PROTEIN
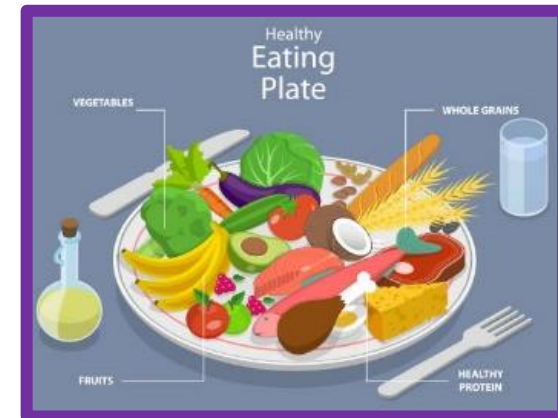

Shaping with a pattern piece

Thin card

Use soft chalk pastel or soft white crayon to draw around the pattern prior to cutting out.
