

## Initiative

**We will show our initiative by** *being resourceful and working without always being told what to do. Showing both perseverance and trusting in ourselves, in order to demonstrate that we can think independently and act when necessary.*

## Spirituality

**As part of our spiritual, moral and cultural development we will** *consider how life was different in the past, including the lives of children, and reflect on how this has impacted the way we live today. We will consider the WOWs, OWs and NOWs of life including the art of the of the human body, the positive and negative effects of drugs and our feelings of completing our time in primary school, ensuring we pause and really reflect on moments we have left. We will think about how faith helps those when times get hard.*

# Learning Drivers

## Creative arts

**Using our creative skills, we will** *taste, modify, plan, create and evaluate our own soups. We will compose a piece of music summarising all our musical knowledge. We will also plan and create a text adventure story in Computing.*

## Environment

**As people concerned with our environment, we will** *consider how Maths influences our world and where we can find it in real life, we will be collecting donations for the charities A Rocha UK and The Diocese of Gloucester's Global Partner of Dornakal, in India, as part of our Leaver's Service. We will also be creating a piece of artwork from recyclable materials.*
