

Initiative

We will show our initiative by *being resourceful and working without always being told what to do. Showing both perseverance and trusting in ourselves, in order to demonstrate that we can think independently and act when necessary.*

Spirituality

As part of our spiritual, moral and cultural development we will *consider Hinduism and their beliefs. We will be investigating rivers across the world, particularly the River Wye and the River Yangtze, drawing comparisons between them. In PSHE, we will be learning about bullying and cyber bullying, strategies to identify and report this and learning how to stay safe. We will be developing our strategies for working collaboratively.*

Creative arts

Using our creative skills, we will *plan, create and evaluate a game using circuits in Science. We will produce digital art pieces and learn how to manipulate photographs using technology in our Art learning this term. In Gymnastics, we will put together routines that demonstrate flexibility, balance and control and in Music, we will analyse the composer Britten to support us creating similar pieces of music.*

Learning Drivers

Environment

As people concerned with our environment, we will *learn about how pollution and erosion have changed the River Wye and the River Yangtze before considering the extent of how much the rivers have shaped our landscape. We will consider how electricity has changed the modern day and its advantages and disadvantages. In Computing, we will use and create spreadsheets that can help us when budgeting and saving money.*
