Enquiry Question: How quickly did farming change in Iron Age Britain?

What should I already know?

Stone Age came before the Bronze and Iron Age.

Key Vocabulary:

Iron Age – The Iron Age was a period in human history that started between 1200 B.C. and 600 B.C., depending on the region, and followed the Stone Age and Bronze Age. During the Iron Age, people across much of Europe, Asia and parts of Africa began making tools and weapons from iron and steel

Bronze Age – The Bronze Age marked the first-time humans started to work with metal. Bronze tools and weapons soon replaced earlier stone versions.

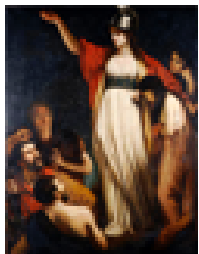

B.C - Before Christ (Jesus)

Celts

Key People:
