

Science

Our Science Topic this half term is Plants.

We will be observing and describing how seeds and bulbs grow into plants. As well as finding out and describing how plants need water, light and the right temperature to grow and stay healthy. We will be completing an experiment to investigate this further. While doing this we will be observing our experiment and recording our findings.

Computing

In Computing we are using our knowledge of digital content to purposefully create, organise, store, manipulate and retrieve digital content. We will be able to recognise common uses of information technology beyond school and begin to use and understand spreadsheets.

Remember to use purple mash to support your learning.

History

In our History lessons, we will be looking into our enquiry question 'Why did the Romans settle in Britain?' To help us answer this question we will be looking into the Romans invasion of Britain and why they settled here, how the Britons responded to the invasion, why the Roman army was so successful and what the artefacts tell us about life as a Roman.

Hedgehog Class Topic Web Spring 2

The Romans

Values: Perseverance and Justice

RE

How do festivals and worship show what matters to Jewish people?

DT

In DT this half term we will be looking at shell structures. We will be developing our knowledge to understand how to construct strong and stiff shell structures. From this we will be able to know how to create nets of cubes and cuboids. While completing this learning we will be using technical vocabulary relevant to our project.

PSHE

Rights and Responsibilities

PE

Cricket

Dodgeball/Multiskills

Music

In Music this half term, we will be looking at music from around the world. For this topic, we will be exploring the music genre of Samba from Brazil, South America. During this topic we will be listening to and analysing samba music identifying the pulse, tempo, dynamics and structure of traditional samba music. We will be learning about the different samba instruments and learning different rhythms. Our learning will come together with a Samba workshop to finish the half term.

If you would like to listen to our listening focus for this half term follow the link below.
