

Initiative

We will show our initiative by *being resourceful and working without always being told what to do. We will show perseverance and trust in ourselves, in order to demonstrate that we can think independently and act when necessary. We will share responsibility for our own learning.*

Spirituality

As part of our spiritual, moral and cultural development we will learn *what we mean by rights, responsibilities and duties. We will learn more about the culture in Brazil through our study of Samba music. In RE, we will weigh up how far the idea that Jesus is the Messiah is important in the world today and, if it is true, what difference that might make in people's lives.*

Learning Drivers

Term 4 2023

Creative arts

Using our creative skills, we will perform *some poetry, working together in groups and will learn how to sing partner songs, confidently holding our own part of the song. We will learn about Samba music and take part in class and whole school workshops.*

Environment

As people concerned with our environment, we will think *about how to be good members of the communities we belong to. We will think about how to spend wisely and the impact of our spending on the environment. During science week, we will focus on how to protect our local and global environment.*
